

CCTST Community Engagement Speaker Series presents:

Vence Bonham, JD

“Making the Promise of Genomic Medicine a Reality”

Grand Rounds

Wednesday, November 15, 2017; 12-1 PM

MERC Auditorium, 620 Oak Street, Cincinnati, OH

Mr. Vence Bonham has served as an associate investigator in the National Human Genome Research Institute (NHGRI) since 2003. He leads the Health Disparities Genomics Unit, focusing his research primarily on the social influences of new genomic knowledge, particularly in communities of color. He studies how genomics influences the use of the constructs of race and ethnicity in biomedical research and clinical care and the role of genomics in health inequities. Mr. Bonham also serves as the senior advisor to the NHGRI director on genomics and health disparities.

Cincinnati Children’s Hospital Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. This activity has been approved for AMA PRA Category 1 Credit™.
